## Overview

Motivated computer science student with a strong foundation in frontend development through academic projects. Eager to learn full-stack development and contribute to real-world web applications as an intern. Passionate about solving problems, collaborating with teams, and growing into a skilled software developer.

## Education

<b>Aditya College Of Engineering And Technology, CGPA: 8.85</b> Bachelor of Technology in Computer Science	2023-2027
<b>Narayana Junior College, CGPA: 9.64</b> Board of Intermediate Education	2021-2023

## Experience

<b>Technical Hub Pvt Ltd</b> , Ignite coder, Bamboo Coder	Oct 2023 – Dec 2024
<ul style="list-style-type: none"><li>• Participated in a structured program focused on C, Java, and Python to build a foundation in computer science</li><li>• Engaged in coding challenges and assignments to apply theoretical knowledge in real-world scenarios.</li></ul>	

## Projects

### Campus-Connect

- Developed a website to share college events, club updates, and student interactions.
- Contributed to frontend design and layout using HTML and CSS.
- Tools Used: HTML, CSS

### Code Delight

[github.com/CD/repo](https://github.com/CD/repo)

- Built an interactive learning website with compilers, quizzes, and a Fun Zone for practicing DSA concepts.
- Developed coin-based gamification where users unlock and earn rewards through quizzes and games.
- Key Skills: Web Development, UI/UX Design, JavaScript, Problem-Solving, Gamification.
- Tools Used: HTML, CSS, JAVASCRIPT.

## Technologies

**Languages:** C, Java, Python, C++

**Database:** SQL

**operating System:** Windows OS, Linux OS

## Certifications

- Java -Oracle (Credential ID: 319309953JAVA8OJA)
- Html And Css -Certiport (Credential ID: daHG-DwVk)
- C, C++, Python -cisco

## Achievements

- Solved 100+ problems on Leetcode, consistently working to improve algorithmic thinking and problem-solving.
- Participated in “Code Retro” coding event organized by Aditya University – gained experience in rapid problem-solving.
- 4 star coder in SQL on HackerRank
- Solved 200+ competitive programming problems on Codechef
